Introduction

The Education Centre is an embodiment of the St. Luke's Home Vision of continuing to provide high quality care to the Older Person in the city and beyond.

The maxim of "Enhancing our Caring by On Going Training" is emblematic of this commitment. Courses are geared towards the needs of those who provide Care for the Older Person – be it within a Residential Care Centre, Hospital or Home Setting. Our training is provided by experienced and qualified facilitators.

Many of our courses offered are accredited by either **QQI** or have **NMBI Category 1 Approval**. We are also an affiliated training centre with the Irish Heart Foundation and the All Ireland Clinical Pastoral Education Accreditation Board.

In addition to providing training to meet the standards expected by HIQA and the other statutory bodies the Education Centre continues to enhance the range of training it can provide e.g. the provision of Clinical Pastoral Education and other courses in pastoral ministry.

The Centre offers a variety of Educational and Meeting settings and is available for bookings.

The Centre also provides tailor made courses that can be provided off-site in other Residential Care Centres.

Please contact Claire or Bruce to discuss your training needs.
