

QQI Level 5 Care Support (5N0758)

Commencing the 6th February and Finishing 6th March 2019

Class Dates
• 6 th February 2019
• 13 th February 2019
• 20 th February 2019
• 27 th February 2019
• 6 th March 2019

This module aims to provide learners with the personal knowledge, skills and competence to work effectively in a care setting. It aims to promote good practice and respect for diversity in lifestyle, religion and culture in care work. As a mandatory module for the Major Award Healthcare Support (5M4339), this module will enhance the career and professional journey of those Learners who successfully complete the module. The objectives of the programme Care Support (5N0758) are that Learners will be trained to become competent in the understanding, knowledge, skills and practice in order to work effectively within a care setting. Learners are trained to promote good practice and respect for diversity in lifestyle, religion and culture within the care environment.

By the end of the programme learners will be able to understand and articulate the responsibilities and entitlements of the role of care worker and have an understanding of the role and function of being part of a multidisciplinary team. An understanding of Resident/ Patient Centred Care will enhance patient planning and care. Individual personal development will be enhanced with developed skills of personal self-care and reflective practice both personally and within a multi-disciplinary care setting

***Subject to prior learning and work experience, an additional work placement maybe required by the Centre**

Northridge House
Castle Road,
Mahon, Cork.
